

### PROGRAM ADVANTAGES FOR THE STUDENTS

- Gives high school students an opportunity to experience a college class
- Gives students an opportunity to "jumpstart" their college careers
- Costs are reduced (approximately 1/3 the cost of an on-campus course)
- No driving to campus or trying to find a parking space on or near campus
- Students very often will spend more time on course content than on-campus students
- Students have instructors with whom they are very familiar
- Increased self confidence that the student "can do it" !!
